

SITE NUMBER: K17

NAME: Land adjacent to Storybook Glen, Maryculter

Assessment undertaken by: Sarah MacRitchie

Proposer: Jacquelyn Liddell

Nature of the proposal: Residential: 4 dwellings

Recommendation: Possible

Reasoned justification:¹ The site is on land designated green belt. The site has no other constraints. The site scores 0 on the GAM. The site scores 0 in the SEA.

Kirkton of Maryculter has been identified in Appendix 2 as a settlement requiring a flexible provision of plots, so the settlement does not require an allocation.

The proposal states that the dwellings will enable improvements to Storybook Glen Amusement Park providing economic and community benefit.

This proposal is for enabling development which should be identified through the plan process, further information would be required to determine if the proposal is preferred. There is another possible site for development in Kirkton of Maryculter which is adjacent to the settlement boundary.

Constraints mapping

	Criteria	Score	Justification
Capacity study site?			Which study:
Sustainable Economic Development	Accessibility of Existing centres of Employment	-1	
	Provision of Business Land	-1	
	Distance to Key Service Centres	-1	Further than existing development in Kirkton of Maryculter
	pedestrian/cycle links to key services, employment land and surrounding developments	0	
Encourage and Support Regeneration	Brownfield Development	-1	
	Enhancement of Heritage	0	
	Supporting quality of Services including primary schools	0	School is about 5km away. Other services to support?
	Resolves Issues of Contamination on Site	0	
Maintain and Enhance the Quality of the Natural Heritage and Built Environment	Quality of Agricultural Land Lost	0	Classification 3.2
	Degree of loss of Biodiversity	0	
	Setting of Historic Buildings Affected (SAM's)	0	
	Archaeology Affected	1	
Landscape	Shelter from cold winds	0	Woodland to North east and south
	Potential for Passive Solar Gain	0	North east facing slope
	Visual Considerations	0	Site is further from existing development but on low lying land
	Designed Landscapes Affected	1	
Technical Issues	Availability of Water Supply	1	Invercarnie WTW capacity for 892 units
	Ease of Providing Drainage	0	No info
	Costs of Providing Access	0	
	Provision of New Community Services Required	1

SEA Objectives	Effect	Comments
13 Promote the creation of fixed, commercial and industrial assets.	0	
14 Regenerate derelict, vacant or contaminated land.	0	
15 Promote the use of sustainable materials and the adoption of Lifetime standards.	0	
<i>Summary of effect:</i>	0	
<i>Overall effect:</i>	0	<ul style="list-style-type: none"> • Largely a neutral impact

¹ Reasoned Justification

Why should this site be considered or dismissed in the Local Development Plan? Please ensure you cover issues relating to the preferred settlement strategy as part of this justification, particularly where you are making a “Preferred” recommendation. Please also embed (copy and paste from GGP) any suggestion you might wish to make regarding allocating only part of the site, or on phasing.

NAME: Land adjacent to Storybook Glen, Maryculter

Please see the spreadsheet "Target housing and employment allocations.xls" for guidance on the indicative scale of allocations to be sought in each area (Use the TRIM search facility to find this). For each of the 8 areas a report on settlement strategy options will have to be prepared that outlines the principles and options that have been considered. I believe that this is an iterative process which starts with the "targets" as modified first by availability of sites and our technical evaluation, and thereafter by the views of members as to what they wish to achieve. I have started that report.

Please maintain a record of your progress in "Spreadsheet to record progress on completing bid assessments Jan 2009.xls".

Modification of the reasoned justification will be undertaken to reflect the desired settlement strategy following the Member seminars in March 2009 and for the final draft of the main issues report in May, when the sheets will form part of the evidence base for the main issues "proposals" maps (published separately as a technical appendix).
